TASTING NOTES:

A challenging vintage in 2000 with hot and dry weather in January and February and heavy rainfall at the start of March, continuing at regular intervals throughout harvest.

Despite all of this, some excellent parcels of fruit were picked.

With 18 months spent in new and 3 year old American oak hogsheads, this is a mature style wine with complex developed flavours, showing earthy, chocolatey, and leathery with cedary oak characters.

The 2000 Petrel Shiraz is a full bodied style wine with another 5 years of improvement in the wine with careful cellaring.

This wine goes well with roast pork and red wine glaze.
