	Total acidity	5.9 g/l
	pH	3.22
	Residual sugar	less than 1 g/l

Comment

This is a new label for us under the Fromm range which refers to the origin of the grapes. Made from 100% Mendoza clone grown in two vineyard sites in the Brancott Valley, this barrel fermented and matured wine shows excellent integration of fruit, minerality and subtle wood influence. A typical Chardonnay from the Fromm stable with great texture, rich and dense flavours, yet elegant and understated on the palate.

Short description

Barrel fermented and matured Chardonnay showing concentrated, ripe fruit with a hint of minerality and subtle wood influence. (March 2007)
