---

Grape variety	100% Riesling		
Bottled	January 2007		
Cellaring potential	2016		
Winemaker	Hätsch Kalberer & William Hoare		
Wine analysis	Alcohol	12.5%	
	Total acidity	7.0 g/l	
	pH	2.90	
	Residual sugar	4.3 g/l	

**Comment** Light yellow/green colour, this Riesling is still very tight with flavours of apple and citrus. Beautifully focused with just enough residual sweetness to give the palate a certain generosity while maintaining a dry impression. The wine's precise structure is balanced with an appealing texture und long mouthfilling finish.

**Short description** Very focused and tightly structured Riesling; dry with good weight, an appealing texture and a long mouthfilling finish. (June 2007)
