

Fromm . Riesling Spätlese 2006

Grape variety	100% Riesling
Bottled	January 2007
Cellaring potential	2016
Winemaker	Hätsch Kalberer & William Hoare

Wine analysis	Alcohol	7.5 %
	Total acidity	9.9 g/l
	pH	2.68
	Residual sugar	79 g/l

Comment Very light yellow/lime colour, the nose is still tight but with obvious freshness, pure Riesling expression and hints of minerality. The palate has a racy elegance with great length and acid balance and even though the wine is very sweet it finishes with a cleansing, mouthdrying sensation. With only 7.5% alcohol this is a great wine for lunchtime or as an aperitif.

Short description Very pure Riesling expression, racy and elegant with hints of minerality; sweet but with a mouthdrying, cleansing finish. (March 2007)
