

Sustainability in Winemaking

Giesen is a fully accredited member of Sustainable Wine Growing New Zealand (SWNZ).

All of our estate owned vineyards and contracted growers are accredited.

Our winery and our bottling line are also fully accredited.

Sustainable Winegrowing New Zealand was developed to:

- Provide a “best practice” model of environmental practices in the vineyard and winery
- Guarantee better quality assurance from the vineyard through to the bottle
- Address consumer concerns in matters pertaining to the environment and wine grape production

For more information, please refer to www.nzwine.com/swnz

We are also a member of the **British Retail Consortium**, which is the Global Standard for Food Safety.

For more information, please refer to

www.giesen.co.nz and click on our link to 'we are British Retail Consortium Accredited'.
